

READY MIX CONCRETE

COMPANY *Profile*

OUR *Company*

Founded in 2010, MCM Concrete s.a.r.l is located in Naher el Mot, supplying Ready Mix Concrete covering Mount Lebanon & Beirut areas.

MCM Concrete is a sister company of MCM Group, having a long history in building construction and contracting fields in the Middle East and Gulf countries (Lebanon, UAE and KSA).

01

MCM Concrete is managed in partnership with Engineer Joseph Zbeidy, who has 30 years experience in the ready mix concrete industry.

02

We are supplying ready mix concrete for MCM Group Lebanon that is undertaking various construction projects in Beirut and North Lebanon (Las Salinas resort).

03

We are committed to establishing long term, valuable business relationships, by providing our customers with quality materials at competitive prices.

04

The comprehensive batching system ensures a mix design specific to the customer's requirement.

OUR Certificate

National Ready Mixed Concrete Association

National Ready Mixed Concrete Association

Certificate of Conformance Concrete Production Facilities

THIS IS TO CERTIFY THAT

Beirut Portable Plant, Beirut, Lebanon

MCM Concrete Sarl

has been inspected by the undersigned licensed professional engineer for conformance with the requirements of the *Check List for Ready Mixed Concrete Production Facilities*. As of the inspection date, the facility meets the requirements for production by

Central Mixing with Automatic Batching and Recordings of Cementitious Materials, Aggregate, Water, and Chemical Admixtures.

Signature of Licensed Professional Engineer

November 26, 2025

Inspection Date

November 26, 2027

Expiration Date

[Seal]

This company will maintain this facility in compliance with the checklist requirements and promptly correct any deficiencies that develop.

Signature of Company Official & Title

NOTICE: The checklist verifies that the plant facilities are deemed satisfactory for concrete production when operated correctly. However, compliance of the concrete with specification requirements must be confirmed through standard inspection methods and sales agreements.

This certificate is issued by the National Ready Mixed Concrete Association (NRMCA) to confirm that the production facility complies with the requirements outlined in Section 3 of the NRMCA Quality Control Manual for Ready Mixed Concrete Production Facilities. Unauthorized reproduction or misuse of this certificate may result in legal action.
